

On the Phone to Fans— It's Miss Lena Horne!

by Joan Crosby, Newspaper Enterprise Assn.

NEW YORK (NEA) Lena Horne, in a simple black dress that showed off her slim figure and a tall black fox hat, sat behind a desk in an office of United Artists Records and talked on the telephone to persons in Philadelphia, Los Angeles, Miami and several points in between.

Mostly she gave weather reports in answer to everyone's opening question, said she loved being with United Artists (she joined the company six months ago and has had two albums released, "Feeling Good" and "Lena in Hollywood") and read recorded promotion spots for the local stations to play.

She also perked up when one phone questioner put down modern music. Later, between calls, she said, "Whenever there is a music revolution, whatever is new and good lasts. And I'm old enough to know how many revolutions we have had since Benny Goodman came on the scene."

Lena Horne, at 48, is one of the world's youngest and best-looking grandmothers. And, at 48, she can even say on the phone to a disc jockey in Philadelphia, "I have learned a lot over the years, and I think I'm improving."

She relaxed while waiting for the next call and said, "People encourage me. Especially if they see some sort of continuing change in you that you can't see in yourself. They're the sounding board." In addition to her well-selling record albums, Lena's autobiography was published last autumn. It's called appropriately, "Lena."

"Why did I do the book? I

Lena Horne

don't know. I think the main thing was I had a chance to do it. I guess I just wanted to talk to myself and answer some questions. But I also asked a lot of questions I haven't found the answers to yet. But I'm not fighting them as much as I used to.

"I worked on the book for a couple of years. After I finished the first third of it, I got upset and stopped. Then I decided this is the kind of procrastination which also keeps me from straightening up my bureau drawers. So I decided it was one project I was going to finish."

Before taking another call she gave another insight into show biz. "It's odd. When you're in this business, you must always maintain a tight control on all aspects of it. But when I'm not working,

I'm a disorganized person who clips out a recipe and then forgets where I put it."

THE BEST RECORD ALBUMS

THE BEST BUYS—Leopold Stokowski has scored a lush version of Mussorgsky's "Pictures at an Exhibition" on London's "Phase 4 Stereo," with Stokowski conducting the New Philharmonia Orchestra (London). If you like way, way out modern music, "Stan Kenton Conducting the Los Angeles Neophonic Orchestra" is your cup of jazz (Capitol). The excellent guitar-playing Los Indios Tabajaras have some fine music in "Casualty Classic" (RCA Victor). Some wonderful satire in "The Mad Show," especially a hysterical take-off on "The Boy From Ipanema" and a look at "Football in Depth" (Columbia). "Torajee" has beautifully orchestrated versions of songs from Japan, Korea, the Philippines, Malaysia and Thailand (Epic). Peter Serkin at 18 is an elegant pianist of great taste as he proves playing Schubert's "Sonata in G" (RCA Victor). If you want nostalgia, hear "Banjos, Banjos, Banjos" with Happy Hart's Singing Banjo Group (Kapp). "The Two Worlds of Kurt Weill" has Morton Gould conducting Berlin and Broadway music from Weill's prolific pen (RCA Victor). "Bernstein Conducts Strauss" (Columbia) is lush and romantic. Copland's "The Tender Land" is a lyric opera, in an abridged version (Columbia). Verdi's "Requiem" is an extraordinarily powerful piece of music, given an excellent performance by Erich Leinsdorf and the Boston Symphony, with Birgit Nilsson, Lilli Chookasian, Ezio Flagello and Carlo Bergonzi the soloists (RCA Victor). For

youngsters, three good albums: "Great Men of Science Series: Benjamin Franklin," "The Story of the Ugly Dachshund" and "The Stories of Hans Christian Andersen" (all on Disneyland).

GOOD VOCAL ALBUMS:

"Choice—John Gary" (RCA Victor); "Burl's Choice—Burl Ives" (Decca); "Fado—The Soul of Portugal—Amalia Rodrigues" (Columbia); "Lightnin' Strikes—Lou Christie" (MGM); "A Man Called Shenandoah—Robert Horton" (Columbia); "That's the Way It's Gonna Be—The Back Porch Majority" (Epic); "Flowers on the Wall—Statler Brothers" (Columbia); "Arthur Prysock and Count Basie" (Verve); "An Evening Wasted with Tom Lehrer" (Reprise); "Ballads of the Green Berets—S/Sgt. Barry Sadler" (RCA Victor); "Spanish Eyes—Al Martino" (Capitol); "Crying Time—Ray Charles" (ABC Paramount) and "Johnny Cash—Mean as Hell" (Columbia).

GOOD INSTRUMENTALS —

"Judith — Original Sound Track by Sol Kaplan" (RCA Victor); "Viva Maria — Original Sound Track" (United Artists); "Tijuana Jazz — Gary McFarland and Company" (Impulse); "Sky High—Quartette Tres Bien" (Decca) and "Merv Griffin—A Tinkling Piano in the Next Apartment" (MGM).

GOOD CLASSICAL ALBUMS

"Victoria de los Angeles—World of Song" (Angel); "The Mass in Mexico" (Columbia); "Andre Previn Conducts Shostakovich's Symphony No. 5, with London Symphony" (RCA Victor); Mozart Piano Concertos, Volume 1, Lilli Kraus" (Epic); "Young Brahms — Dietrich Fischer-Dieskau" (Angel.)

Israel in the Fashion Swim

by Helen Hennessy

Women's Editor
Newspaper Enterprise Assn.

TEL AVIV—(NEA) —It is difficult to think of this land of sun, citrus groves, blue sea and desert in terms of silk, mohair, Dacron, Acrilan and handsome fashions.

But the recent second annual Israel Fashion Week held here in Tel Aviv proved that the land of milk and honey is fast emerging as an important export fashion center. Nearly 400 buyers from 14 nations attended the event, led by a delegation of 75 from leading American stores.

The fashions ran the gamut —formals and furs, rainwear, knitwear, leather and beachwear —all beautifully cut, sewn and designed. There is news in Israeli fashions, but it can't be covered in one fell swoop.

Beachwear seems a good place to start. It's so natural a product to originate in this country where the Mediterranean sparkles and the sun shines.

Israel boasts beautiful beaches and a sunny climate and so it is no surprise that this country also produces handsome swimwear. From the firm of Gottex in Tel Aviv come the black cotton lace one-piece suit (left) over pale shantung and gaily printed Helanca knit bikini (right) with scoop-necked, sleeved top.

Young Complexions Need Extra Care

by Alicia Hart

Beauty Editor
Newspaper Enterprise Assn.

NEW YORK—(NEA)—Problem skin may last beyond the teen-age years but care during youth can prevent excessive complexion woes as one matures.

Unfortunately, many youths accept blemishes as part of their growing years and do little to ease the infections. This spring the natural look again will be seen throughout the land. This means a suntanned or suntanned-looking skin, casual but neat hair styles worn with bangs and a flip and cosmetics in peach and apricot shades to complement the look.

The young woman searching for her image will want to experiment with cosmetics and fragrances. At this stage she can make the most use of toiletries that are of the same fragrance or in the same family. Stocking her beauty kit with a milky foam for bath, a bath oil, spray and friction cologne and body cream, all of the same scent, gives each teen-ager a very personal aura.

It may seem superfluous to remind a young woman that a refreshing bath is her best friend. However, many school officials and parents find there is room for such prodding.

Problem skins demand special attention to diet, adequate sleep and cleanliness. A daily bath or shower is necessary to cut down on acne

The teen-ager who insists on maintaining her wholesome, natural good looks stands out in today's sloppy crowd. The youthful model here knows complexion and skin care are essential. She shampoos her hair frequently, has it cut in a becoming style and gives special attention to normally neglected areas (left) such as elbows and knees. Her make-up consists of a moisturizer, lipstick, eye make-up and (right) touches of powder.

and other teen-age skin eruptions. Frequent shampooing of hair—especially if worn in deep bangs or over the side of the face—is essential to cut down on facial irritations.

When applying make-up, pat it on rather than rubbing

it in. It may be wise to ask your doctor to recommend nonallergenic or medicated products for use.

Whatever you do, steel yourself against picking at your face or other areas that become irritated. This only

leads to further infection and possibly permanent scarring. Proper cosmetics and soothing bath products work to ease itchy irritations.

Begin now to take special care of key spots such as elbows, knees, neck and hands.

Television and Radio

By CYNTHIA LOWRY AP TV-Radio Writer

NEW YORK (AP) — Last year at about this time, Barbara Streisand with a sleek, chic and tenuous one-woman show, shot dramatically into the television firmament. Now, after Wednesday night's stunning "Color Me Barbra," Miss Streisand is solidly in orbit. The second special actually topped her first one.

From the amusing little squiggle like a child's drawing that opened the hour to its almost quiet finish it was a handsome and imaginative production, the most stimulating entertainment of the season to date.

Miss Streisand first took us to the Philadelphia Museum of Art where in a chiffon and lace exaggeration of a maid's uniform, she scurried from hall to hall, pausing before this painting or that piece of sculpture and then was transformed by TV magic into the subject long enough for a number.

She sang "One Kiss" looking like and dressed like a Gainsborough lady, a despairing French lament posing like a sad model in an Impressionist painting.

Dear Helen: I don't mean to cut your column down—it serves its useful purpose, but when I read advice columns, I'm depressed that these supposedly intelligent people waste their time worrying about unimportant personal problems, and take such little time to investigate the important and vital things in life. Why can't people take a more active stand about our political, national and international affairs?

If citizens would read and study about the mess our legislators have got us into, how our "foreign aid" is misused, how we are being robbed blind for foreign powers, they'd wake up longer be a "Nation of Sheep."

Why don't you shut off those inconsequential little grievances and start a national debate on foreign aid? — Shocked American

ing, "Where Or When" dressed like an Egyptian princess. Between numbers she indulged in bits of sly comedy.

Then came a gay circus sequence with Miss Streisand in a clown costume wandering around the ring singing affectionately to a pony, a llama, a baby elephant, an ant eater and a family of puffed penguins.

The windup was Miss Streisand in a simple white gown singing more well-loved songs, including the old "It Had To Be You" and "C'est Si Bon."

Earlier, on ABC, there was a musical special in cartoon form updating the adventures of Alice in Wonderland. This time Alice, a very modern little girl, disappeared through the front of the family TV set in quest of her dog. But she shrank and grew tall, encountered the white rabbit, the mild hatter, the March hare and many of the other Lewis Carroll characters.

The lyrics were appropriate to the fantasy but the music, while tuneful, was not particularly catchy. The piece, though, did have a real dream quality about it. The drawings, particularly the animation of Alice were a bit stiff and primitively drawn. It was on the whole a bit of fun, suitable for family viewing but hardly memorable.

NORMAL NERVE FUNCTION

By Dr. Charles Johnson

All parts of the body respond to nerve function and perform normally as long as the supply of nerve current is normal to these parts. Various centers in the nerve system control function such as: breathing, movement, heart action, digestion, blood circulation and pressure, etc. When disease appears, it is evident that the force causing health has diminished. Diminished nerve function not only impairs normal action of organs, but also lowers tissue resistance. Correct spinal balance and unimpeded nerve function to all tissues is the specialty of the Chiropractic profession.

Whatever Happened To Bobby Socks?

Dear Helen: A minor complaint, but it costs us poor parents many dollars a year. Where did bobby socks go? Yep, I know, they succumbed to pointed-toe shoes.

Girls expect nylons for school in junior high school these days and by high school, they're a must. I've tried them all, and none last more than a few wearings. Net? They may not run, but ye Gad the holes!

Can't fashion take pity on us poor mothers and bring back bare legs or bobby socks?—Nylon Blues

P.S. OR anyway Something? Dear NB: I hope so! So nylons yet invented can hold up against school desks, daily gym change, and all that action. Most parents agree they're costly nuisances, and nothing looks worse than a gaping hole or a big runner on a girl's leg. Now if we can just convince our daughters...

P.S. With "points" kicked out of fashion, and "Little-girl" clothes "in" as skin (of which there's a heckuva lot!) maybe bobby socks will make a comeback, no?

Decision on Braves May Muddle Start

By JAMES R. POLK
MILWAUKEE, Wis. (AP) — After one month and one million words, the trial of Wisconsin's antitrust suit against baseball is nearing an end.

The verdict — with all its repercussions for the National League, the Braves, Milwaukee and Atlanta — is likely to come just in time to collide head-on with the opening of the baseball season 11 days from today.

Defense attorneys said they planned to rest their case today. Each side will have one more time at bat in the courtroom in rebuttal testimony. The state was expected to wind up in only one day.

Circuit Judge Elmer W. Roller, hearing the case without a jury, has said he wants to make a ruling by April 12, the day the Braves are scheduled to open in Atlanta.

Wisconsin has accused the National League and its 10 members of violating antitrust laws by approving, through what the state calls a monopolistic conspiracy, the transfer of the Braves from Milwaukee to Atlanta.

Wisconsin wants the Braves back — now — or an expansion team for Milwaukee — immediately.

Baseball attorneys have argued the departure of the Braves after 13 seasons here was economically justified. And they have said expansion in 1966 is hopelessly impossible, although Roller has told the league to be prepared to add another team if he orders it.

Into the trial record so far has gone more than 1 million words of testimony, covering 6,179 typewritten pages for transcript. There have been 27 witnesses, 16 depositions, and 511 exhibits presented in the trial that began Feb. 28.

The most dramatic testimony may have come Thursday, but none of it was public.

The day's proceedings were concentrated in Roller's chambers, where testimony dealt with the confidential financial records of the National League clubs.

Roller, sealing his doors, honored his pretrial pledge that the profit-and-loss records would be kept from public scrutiny.

After rebuttal testimony, closing arguments are planned. They probably will be made in the form of written legal briefs.

3 Standouts in Arkansas Derby Sat.

HOT SPRINGS, Ark. (AP) — Three horses stood out as the possible favorite in Saturday's \$50,000-added Arkansas Derby at Oaklawn Park as the field appeared Thursday to be set at 13.

Possibilities for the role of favorite in the mile and one furlong test, which winds up the 1966 Oaklawn meeting, are Casing Tools, Better Sea and Timely Move, all winners of middle distance races but untested over the grueling nine furlongs.

Others expected to be entered are Beau Sub, Help on Way, Taipan, Council Town, Eladio, Belt Line, Duc D'Elair, Fleet Fella, Ouachita and Waki Ruliah.

If all 13 start in the Derby, it will gross \$59,900 with the winner getting \$35,940. That would make it the richest race in Arkansas.

Stanley Cup Play Opens Next Week

By THE ASSOCIATED PRESS
The top four spots are pretty well set for the National Hockey League's Stanley Cup Feature which opens next week but there's a fierce battle going on at the bottom of the standings.

Boston and New York, both long eliminated from the post-season playoffs, move into the final weekend of the season tied for fifth place.

The Bruins, hoping to escape the NHL cellar for the first time in six years, whipped Toronto 3-1 Thursday night while the Rangers dropped their 40th game of the season, 5-3 at Detroit.

Boston's victory over Toronto came on third-period goals by Tom Williams and Ron Stewart and ended the Maple Leafs' hopes for catching second-place Chicago.

Life in Arkansas

People in Atkins haven't lost their sense of humor. Witness these three incidents related there within one week:

A businessman, particular about his car, saw an asphalt truck parked on a street as he drove to work.

Figuring the two workers standing by the truck had been patching holes, he started to turn onto another street to avoid getting the asphalt on his auto.

As he turned, the two workmen, whom he knew, waved real big. The driver waved back real big, wondering what all the friendliness was about.

When he focused his attention back on the road, he found out. He had turned, through a rope barricade, onto a street freshly coated with a sealer material.

A woman brought an electric iron in to a local store and told a clerk she thought it had a short in it.

Yelled the clerk to the repairman, "Joe, this iron's got a short in it. Can you lengthen it?"

Two weeks ago Manager Herman Franks of the San Francisco Giants ordered Willie Mays to stay away from the ball park.

"I've just gotta slow him down," Franks said. "He's coming along too fast."

Mays took another day off today, his third since the exhibition schedule started March 12. In between those days of rest, though, the 34-year-old whiz has slowed down about as much as he does during the regular season.

In the Giants' 7-4 victory over California Thursday, Mays increased his spring average to .382 by lashing two doubles and a single and drove in two runs for a total of 13.

Mays has accumulated most of his 21 hits and 13 RBI while playing only five and six and sometimes seven innings in a game. His nine-inning performance against the Angels marked his first complete game of the spring.

"He just gets better and better," California Manager Bill Rigney said.

In another exhibition of power Thursday, Tony Conigliaro hit his seventh homer of the spring and drove in four runs as Boston walked Washington 10-0. Jim Gentile's three-run homer capped a seven-run sixth inning that powered Houston past Philadelphia 12-9.

Cincinnati edged Baltimore 3-2 on Art Shamsky's two-run homer in the ninth, and Mike Shannon and Lou Brock homered as St. Louis beat the Chicago White Sox 7-5.

Successive doubles by pinch hitter Sandy Valdespino and Jimmie Hall in the 10th inning opened the way for a three-run rally that gave Minnesota a 6-3 victory over the New York Yankees.

Detroit scored two runs in the ninth on Mickey Stanley's single and Jim Pagan's homer, passed ball for an 8-7 decision over Pittsburgh.

The New York Mets erupted for four runs in the seventh and handed Kansas City its sixth straight defeat 7-3. Ed Kranepool triggered the rally with a triple and scored as Ron Hunt filed out.

Gary Bell pitched seven strong innings as Cleveland ended a six-game losing streak by downing the Chicago Cubs 4-1.

Stanley Cup Play Opens Next Week

By THE ASSOCIATED PRESS
The top four spots are pretty well set for the National Hockey League's Stanley Cup Feature which opens next week but there's a fierce battle going on at the bottom of the standings.

Boston and New York, both long eliminated from the post-season playoffs, move into the final weekend of the season tied for fifth place.

The Bruins, hoping to escape the NHL cellar for the first time in six years, whipped Toronto 3-1 Thursday night while the Rangers dropped their 40th game of the season, 5-3 at Detroit.

Boston's victory over Toronto came on third-period goals by Tom Williams and Ron Stewart and ended the Maple Leafs' hopes for catching second-place Chicago.

A businessman, particular about his car, saw an asphalt truck parked on a street as he drove to work.

Figuring the two workers standing by the truck had been patching holes, he started to turn onto another street to avoid getting the asphalt on his auto.

As he turned, the two workmen, whom he knew, waved real big. The driver waved back real big, wondering what all the friendliness was about.

When he focused his attention back on the road, he found out. He had turned, through a rope barricade, onto a street freshly coated with a sealer material.

A woman brought an electric iron in to a local store and told a clerk she thought it had a short in it.

Yelled the clerk to the repairman, "Joe, this iron's got a short in it. Can you lengthen it?"

Celtics Trying to Save Pride

BOSTON (AP) — The Boston Celtics, battling for their pride in quest of an eighth straight National Basketball Association championship, meet the upset-minded Cincinnati Royals tonight in a decisive showdown of the Eastern Division semifinal playoffs.

There's no tomorrow except for the winner and neither the Celtics nor the Royals were in any mood for April Fool jokes in heading into an all-or-nothing clash at the Boston Garden.

Despite a hex in which neither team has won in two tries each at home, the Celtics rule a slight favorite to capture the best-of-five series and qualify for a crack at the Philadelphia 76ers in the Eastern Division finals starting Sunday.

Sanders Takes Stroke Lead at Greensboro

By REESE HART

GREENSBORO, N.C. (AP) —

Doug Sanders was doing all right for a sick man today as he took a one-stroke lead into the second round of the \$100,000 Greater Greensboro Open Golf Tournament.

Several gulps of cough syrup helped him card nine birdies, a bogey and a double bogey over the 7,029-yard Sedgefield Country Club course.

"It looks like I'll do a right as long as I stay sick," Sanders joked.

One stroke back at 66 was Al Geiberger, who got off to what he termed a "sloppy" start. He missed a 15-foot putt on the 18th hole that would have tied him for the lead.

Sam Snead, defending champion and eight-time GOGO winner, was tied with Howie Johnson for third with 67. Deadlocked at 68 were Bobby Nichols, Don January, Bob Goalby, R. H. Sikes, Terry Wilcox, Steve Reid and Tom Weiskopf.

Grouped at 69 were Frank Beard, Davy Hill, Roy Pace, Dave Ragan, Ken Towns and Harold Williams.

In all, 25 players bettered par of 71, despite bothersome winds and hard greens.

Arnold Palmer, who fired a sizzling 63 in a pro-am warmup on Wednesday, finished the first round with an even par 71.

15th Running of Florida Derby Sat.

By GENE PLOWDEN

MIAMI, Fla. (AP) —

Gulfstream Park was being polished today for the 15th running of the Florida Derby, with 11 3-year-old colts going in the 1 1/4-mile Saturday feature.

If form holds true, the winner will come from the quartet of Kauai King, Amberoid, Abe's Hope and Bold and Brave. In the last eight runnings, the winner has gone postward the favorite.

Kauai King probably will be a slight favorite after his triumph in the Fountain of Youth Stakes 10 days ago, when the dark bay son of Native Dancer whipped Amberoid, Abe's Hope, Sky Guy, Bold and Brave and others.

All are back for the Florida version of the Derby, along with Barmer, Blue Skyer, Low Son, Rehabilitate, No Love Lost and Williamston Kid.

NOTICE OF SCHOOL DESEGREGATION PLAN UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

THIS NOTICE IS MADE AVAILABLE TO INFORM YOU ABOUT THE DESEGREGATION OF OUR SCHOOLS. KEEP A COPY OF THIS NOTICE. IT WILL ANSWER MANY QUESTIONS ABOUT SCHOOL DESEGREGATION.

1. Desegregation Plan in Effect
- The HOPE public school system is being desegregated under a plan adopted in accordance with Title VI of the Civil Rights Act of 1964. The purpose of the desegregation plan is to eliminate from our school system the racial segregation of students and all other forms of discrimination based on race, color, or national origin.
2. Thirty-Day Spring Choice Period
- Each student or his parent, or other adult person acting as parent, is required to choose the school the student will attend next school year. The choice period will begin on April 1 and close April 30, 1966.
3. Explanatory Letters and School Choice Forms
- On the first day of the choice period, an explanatory letter and this notice will be sent by first-class mail to the parent, or other adult person acting as parent, of each student then in the schools who is expected to attend school the following school year. A school choice form will be sent with each letter, together with a return envelope addressed to the Superintendent. Additional copies of the letter, this notice and the choice form are freely available to the public at any school and at the Superintendent's office.
4. Returning the Choice Forms
- Parents and students, at their option, may return the completed choice forms by hand to any school or by mail to the Superintendent's office, at any time during the 30-day choice period. No preference will be given for choosing early during the choice period. A choice is required for each student. No assignment to a school can be made unless a choice is made first.
5. Choice Form Information
- The school choice form lists the names, locations and grades offered for each school. The reasons for any choice made are not to be stated. The form asks for the name, address and age of the student, the school and grade currently or last attended, the school chosen for the following year, the appropriate signature, and whether the form has been signed by the student or his parent. Any letter or other written communication which identifies the student and the school he wishes to attend will be deemed just as valid as if submitted on the choice form supplied by the school system. The names of students and the schools they choose or are assigned to under the plan will not be made public by school officials.
6. Course and Program Information
- To guide students and parents in making a choice of school, listed below, by schools, are the courses and programs which are not given at every school in this school system.
- | | |
|------------------|--------------------|
| HOPE HIGH SCHOOL | VERGER HIGH SCHOOL |
| Latin I | World Geography |
| Latin II | Sociology |
| Speech | Journalism I |
| Journalism II | Physical Science |
7. Signing the Choice Form
- A choice form may be signed by a parent or other adult person acting as parent. A student who has reached the age of 15 at the time of choice, or will next enter the ninth or any higher grade, may sign his own choice form. The student's choice shall be controlling unless a different choice is exercised by his parent before the end of the period during which the student exercises his choice.
8. Processing of Choices
- No choice will be denied for any reason other than overcrowding. In cases where granting all choices for any school would cause overcrowding, the students choosing the school who live closest to it will be assigned to that school. Whenever a choice is to be denied, overcrowding will be determined by a uniform standard applicable to all schools in the system.
9. Notice of Assignment, Second Choice
- All students and their parents will be promptly notified in writing of their school assignments. Should any student be denied his choice because of overcrowding he will promptly be notified and given a choice among all other schools in the system where space is available.
10. Students Moving Into the Community
- A choice of school for any student who will be new to the school system may be made during the spring 30-day choice period or at any other time before he enrolls in school. An explanatory letter, this notice and the school choice form will be given out for each new student as soon as the school system knows about the student. At least seven days will be allowed for the return of the choice form when a choice is made after the spring 30-day choice period. A choice must be made for each student. No assignment to any school can be made unless a choice is made first.
11. Students Entering First Grade
- The parent, or other adult person acting as parent, of every child entering the first grade, is required to choose the school his child will attend. Choices will be made under the same free choice process used for students new to the school system in other grades, as provided in paragraph 10.
12. Priority of Late Choices
- No choice made after the end of the spring 30-day choice period may be denied for any reason other than overcrowding. In the event of overcrowding, choices made during the 30-day choice period will have first priority. Overcrowding will be determined by the standard provided for in paragraph 8. Any parent or student whose first choice is denied because of overcrowding will be given a second choice in the manner provided for in paragraph 9.
13. Tests, Health Records and Other Entrance Requirements
- Any academic tests or other procedures used in assigning students to schools, grades, classrooms, sections, courses of study, or for any other purpose, will be applied uniformly to all students without regard to race, color or national origin. No choice of school will be denied because of failure at the time of choice to provide any health record, birth certificate, or other document. The student will be tentatively assigned in accordance with the plan and the choice made, and given ample time to obtain any required document. Curriculum, credit, and promotion procedures will not be applied in such a way as to hamper freedom of choice of any student.
14. Choices Once Made Cannot Be Altered
- Once a choice has been submitted, it may not be changed, even though the choice period has not ended. The choice is binding for the entire school year to which it applies, except in the case of (1) compelling hardship, (2) change of residence to a place where another school is closer, (3) the availability of a school designed to fit the special needs of a physically handicapped student, (4) the availability at another school of a course of study required by the student, which is not available at the school chosen.
15. All Other Aspects of Schools Desegregated
- All school-connected services, facilities, athletics, activities and programs are open to all on a desegregated basis. A student attending school for the first time on a desegregated basis may not be subject to any disqualification or waiting period for participation in activities and programs, including athletics, which might otherwise apply because he is a transfer student. All transportation furnished by the school system will also operate on a desegregated basis. Facilities will be desegregated, and no staff member will lose his position because of race, color or national origin. This includes any case where less staff is needed because schools are closed or enrollment is reduced.
16. Attendance Across School System Lines
- No arrangement will be made, or permission granted, by this school system for any students living in the community it serves to attend school in another school system, where this would tend to limit desegregation, or where the opportunity is not available to all students without regard to race, color or national origin. No arrangement will be made, or permission granted, by this school system for any students living in another school system to attend school in this system, where this would tend to limit desegregation, or where the opportunity is not available to all students without regard to race, color or national origin.
17. Violations To Be Reported
- It is a violation of our desegregation plan for any school official or teacher to influence or coerce any person in the making of a choice or to threaten any person with penalties or promise favors for any choice made. It is also a violation of Federal regulations for any person to intimidate, threaten, coerce, retaliate or discriminate against any individual for the purpose of interfering with the free making of a choice of school. Any person having any knowledge of any violation of these prohibitions should report the facts immediately by mail or phone to the Equal Educational Opportunities Program, U. S. Office of Education, Washington, D. C. 20202 (telephone 202-962-0333). The name of any person reporting any violation will not be disclosed without his consent. Any other violation of the desegregation plan or other discrimination based on race, color, or national origin in the school system is also a violation of Federal requirements, and should likewise be reported. Anyone with a complaint to report should first bring it to the attention of local school officials, unless he feels it would not be helpful to do so. If local officials do not correct the violation promptly, any person familiar with the facts of the violation should report them immediately to the U. S. Office of Education at the above address or phone number.
18. Transfers By Students in Grades 10, 11, and 12
- The above grades will not be generally reached by the desegregation plan until the fall of 1967. However, a student entering any one of these grades in the coming school year, or his parent or other adult person acting as parent, may apply for transfer to any school in the school system. The application will be granted if:
- (a) The student wants to take a course of study for which he is qualified, and which is not available in the school he would otherwise attend on the basis of his race, color, or national origin; or
- (b) The student wants to attend the same school or attendance center as a brother, sister, or other relative living in his household who is attending school there as a result of the desegregation plan, and the school offers the appropriate grade; or
- (c) The student meets the regular requirements, having nothing to do with race, color, or national origin, used by this school system in permitting students to transfer from one school to another; or
- (d) A showing of compelling hardship.
- A transfer application form will be sent to each student in grades 10, 11, and 12. A transfer application may be filed by means of this form or by a letter. Extra copies of the form are available at all school offices. Transfer applications should be filed as soon as feasible after a student has information which justifies making an application.
- In addition, all students who are entering this school system for the first time in a grade which is not generally desegregated under the plan will be assigned to a school under the procedures which will be followed when the grade is generally desegregated in the fall of 1967.

A New IQ for Charlie

FLOWERS FOR ALGERNON. By Daniel Keyes. Harcourt, Brace, \$4.95.

Algermon was a white mouse. He could get through a maze faster than Charlie Gordon could trace a line through an identical maze. But Algermon no longer was a dumb mouse. The surgeons had done something to his brain that gave him a higher I.Q. than Mickey.

Charlie, however, was a moron, a 32-year-old janitor in a bakery. His I.Q. was 70. He had just enough sense to realize that most people — and Algermon — seemed to get more out of life than he did.

This novel is Charlie's first person story, starting with the time the surgeons decided to operate on him. It begins with crude misspelling and stumbling thoughts. But after the operation things change rapidly.

For Charlie's I.Q. shoots up to the super-genius level. He remembers things from the dim past of his childhood, and begins to understand his family — emotional things, not all of them pleasant.

He also discovers that intellect alone is a dangerous ingredient; that comprehension can lead to dilemmas and tension, that there is an emotional price to be paid for living at a high tempo. He becomes interested in Miss Kinnian, the teacher who had tried to help him when he was a moron. But ironically, their roles have been reversed; her average mind cannot keep pace with his.

Then comes a bad omen. Algermon begins to make mistakes. Can anyone say whether mouse or man will retain his newly acquired gift?

The bizarre situation in this story could have degenerated into pulp fiction in less capable hands. But Keyes has found a challenge in his material and has composed a gripping narrative. It poses some illuminating thoughts.

Stamps In The News

AP Newsfeatures

By SYD KRONISH

TWO 5-CENT floral stamps — the 12th and 13th in the series — have been issued by Canada. This floral series honoring the various geographic regions of Canada is a prelude to the Centennial celebrations in 1967. The first in the series was released in May, 1964. The last will be issued June 30 of this year. The two new issues are as follows: 5-cent Yukon showing the fireweed and the territory's coat-of-arms; the 5-cent Northwest Territories depicts the mountain peaks and the coat-of-arms.

A special stamp commemorating the "Centenary of the Headquarters of the Austrian Postal and Telegraph Administration" has been issued by the Republic of Austria. The 1.50 schilling stamp, black on bistre, shows a view of the headquarters building in the Postgasse. The stamp was designed by famous Austrian artist Otto Zeidler.

Bermuda has announced two more commemorative stamps for issuance this year, in addition to the recent Churchill set. On July 1 there will be two stamps for the World Cup Football Championships in England. Another set of three stamps will honor the United Nations Educational, Scientific and Cultural Organization (UNESCO).

Belgium has issued three new stamps to honor the "Movement for Christian Works for Belgium" organized this year to carry on the outline proposed by the encyclical of 1891, Rerum Novarum. The design features a religious symbol and the dates "1891-1968."

Malaysia has announced the issuance of two new stamps in triangular form to pay tribute to its National Monument, reports the Crown Agents Representative in Washington, D.C. The stamps are being issued in connection with the unveiling of the big monument on top of a hill commanding a view of the Lake Gardens in Kuala Lumpur. It was raised "as a symbol of the eternal gratitude of the people of Malaysia for the devotion and patriotism of all those brave men and women who suffered and died in the twelve long years of the Emergency." The monument is a 40-foot high sculpture in bronze on an 11-foot base of emerald pearl granite from Norway. It was designed by American sculptor Felix W. de Weldon.

Nasty People in Satire

THE MONUMENT. By Nathaniel Benchley. McGraw-Hill, \$4.95.

Benchley always writes with fond amusement of the canny New Englanders he knows so well, and loves to portray their weaknesses in farcical fashion.

He is as entertaining as ever in the present novel, but he also has created a piercing satire of a nasty social ill — the depths to which political extremists can descend.

The peninsular town of Hawley happened to have a monument or plaque for all of its war dead except one — Trafford (Bubba) Price, a victim of the Korean War.

In civilian life Bubba had been a shiftless, inept but likeable knucklehead who possessed a natural talent for disaster. Probably no one would have been interested in creating a monument for this nonhero until Horace Sutter saw it would be just the thing to spark his otherwise hopeless campaign for reelection.

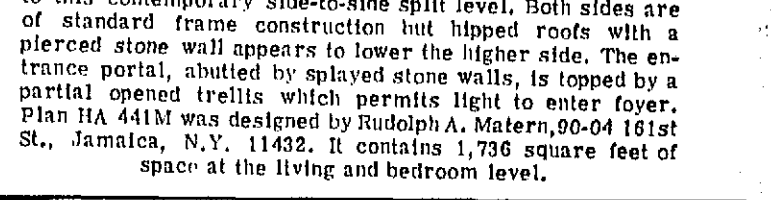

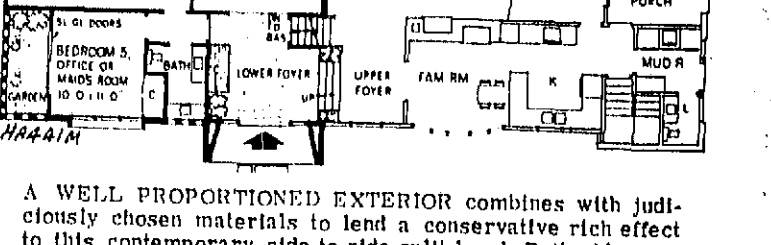

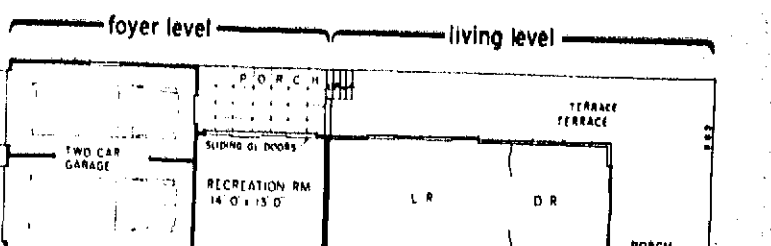

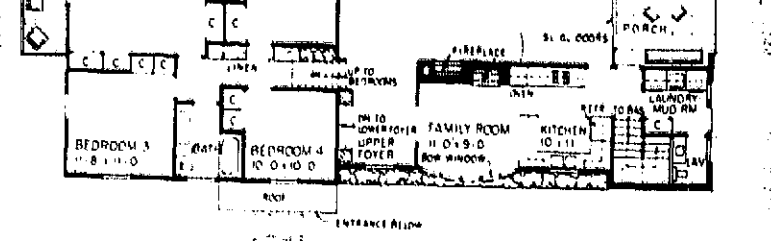

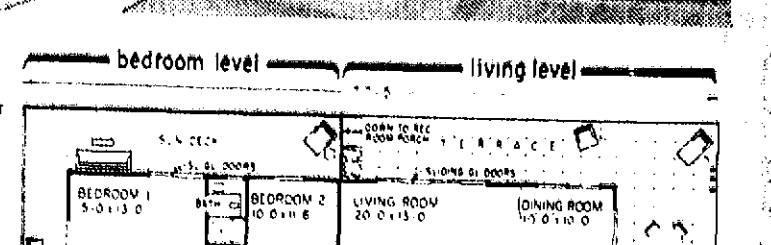

Horace was an unsuccessful lawyer with extreme right wing political views, and his campaign soon stirred up trouble. For one thing, the high school principal fired a teacher as a "Commie" because he favored the United Nations.

Horace himself stuck to poison pen letters, anonymous phone calls and rumor mongering. But some of his cohorts resorted to vicious "practical jokes," mayhem and theft. Good Old Bubba would have been flabbergasted at some of the things that were done in the name of his memory.

This is a comic caper of foolish clowns, but more than that. It is a story with a sting, and don't say it couldn't happen here.

HOMES FOR AMERICANS

A WELL PROPORTIONED EXTERIOR combines with judiciously chosen materials to lend a conservative rich effect to this contemporary side-to-side split level. Both sides are of standard frame construction but hipped roofs with a pierced stone wall appears to lower the higher side. The entrance portal, abutted by splayed stone walls, is topped by a partial opened trellis which permits light to enter foyer. Plan HA 441M was designed by Rudolph A. Matern, 90-04 161st St., Jamaica, N.Y. 11432. It contains 1,736 square feet of space at the living and bedroom level.

The WEEDERS GUIDE

CONNECTICUT is being given away in 4-ounce lots. The State Agricultural Experiment Station reports that in one year, 215 samples of Connecticut soil, sterilized to avoid transporting insect pests or diseases, were mailed to 36 states in answer to requests.

Why do people want the soil? For many reasons.

The Hungarian Alumni Association of Rutgers University wanted to put it in an urn presented to the university. The urn contained soil from each of the 50 states, symbolizing the U.S.A. and "representing the bondage of new graduates of Rutgers to the country and its people."

A Nebraska wanted enough Connecticut soil to fill half a medicine bottle.

A Montana girl wanted soil from the lawn of the State Capitol.

A Rhode Islander said "please be sure the soil is not fertilized."

A North Carolina young lady requested "enough of your best soil to grow a lima bean in."

An Illinois girl said she was "collecting... average dirt... from each state."

A New York woman wanted samples from all states to take to Our Lady of Fatima, to ask her blessing of peace for this nation.

A Louisiana mother wanted it for a soil map for her child, who she noted proudly, had "an I.Q. of 140."

APHID IS VILLAIN

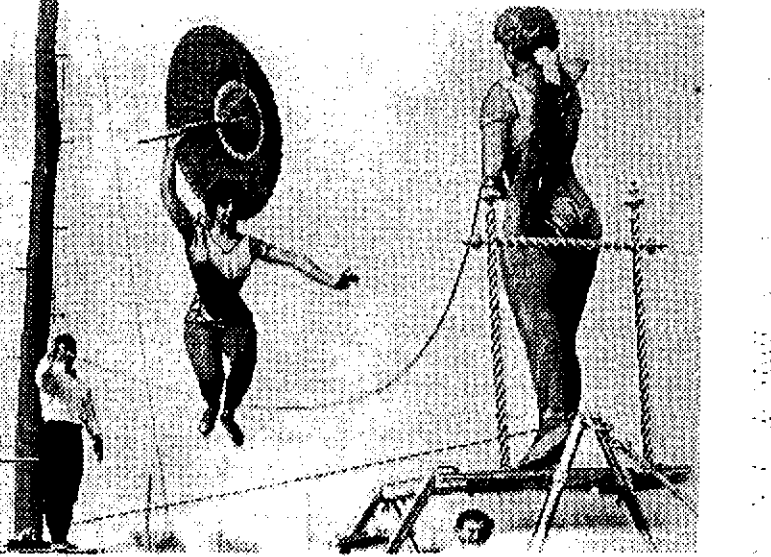

Researchers trying to trace the cause of common bean mosaic virus are pointing a big finger at aphids (plant lice). But the big problem is which of the more than 2,000 species of aphids transfer this virus, and where do they come from.

Among the aphids most prevalent in experimental bean fields were yellow clover, corn leaf and apple-grain varieties.

Generally, aphids come from neighboring plants. If the nature of the crop or weed that harbors the most virus-transmitting aphids was known, a major bean battle would be won.

In traps set in three bean fields, the three most prevalent species accounted for 36 per cent of the aphids caught. The remaining 64 per cent contained 50 other species.

One control of such bean diseases as halo blight, white mold and pythium wilt is a 2-to-4-year crop rotation to avoid infection from old plant debris. Other suggested control measures are reduction in fertilizer and irrigation, deep plowing in fall or early spring, use of fields with good air and water drainage, running bean rows in the direction of prevailing winds, elimination of milkweed, ragweed and other large weeds, and application of the fungicide PCNB dust at first bloom.

CIRCUS MEMENTO of 1905, by Fred W. Glasier, stopped the action of a tight wire act during rehearsal. It is one of nearly 100 circus photos by Glasier on exhibition at the Hallmark Gallery, New York City.

Opening lead—♠ Q.		

See if you can keep from looking at the East and West cards until you have read through this column. You are in four spades after opening with one no-trump and getting a Stayman two-club response from your partner. You apply the word ARCH. Analysis of the club lead tells you that you wish West had opened any other suit. Review of the bidding reminds you that you are in a 10-trick contract. A Count of your losers shows two in trumps, one in clubs and a very probable one in hearts. You ask yourself, "How can I make this hand," and proceed to try to get rid of the club loser in dummy by the process of leading out three rounds of diamonds. Unfortunately for your well-thought-out plan, East trumps the third diamond and leads out the ace of spades. Then he leads a club for dummy to ruff.

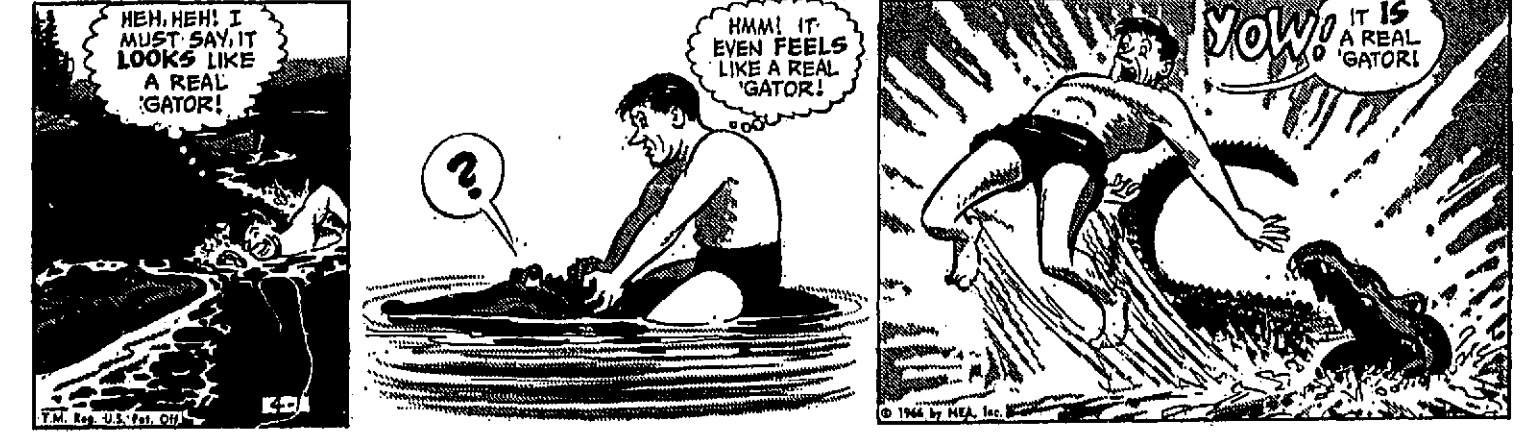

Your first plan to make your contract has failed. What can you do to avoid a heart loser? A successful finesse won't help because you miss the ten, nine and eight and hold three hearts in your own hand. You can try to drop a singleton king. This play is certainly possible, but isn't there something better? At this point you may look at the East and West hands. Now see if you can find the better play. Here it is: You lead dummy's queen or jack of hearts. If East ducks you let it ride and cash your ace of hearts. Then you play your last diamond and throw West in with the high trump. If East covers the heart lead, you cash your last diamond, lead a second heart to dummy and throw West in with his high trump. Either way West must lead a diamond or a club. You ruff in either hand and discard a losing heart from the other.

TODAY'S QUESTION
You bid four no-trump and your partner responds five hearts to show two aces. What do you do now?
